React Native developer with 6+ months of production experience, shipped apps to Play Store.

EXPERIENCE

Mobile App Developer (Full-Time)

Nov 2025 – March 2026

Vimovi Global Tech Pvt. Ltd.

- Promoted from intern to full-time developer within 3 months based on performance — sole RN developer on production apps.
- Delivered 4+ production features in React Native, improving app reliability and reducing crash rate by ~30% through proactive bug fixes and code refactoring.
- Work closely with other dev teams attend daily meetings to resolve and discuss project queries
- Collaborated with cross-functional team of 5 (PM, design, backend) in Agile sprints to ship features on schedule.

Mobile App Developer Intern

Aug 2025 – Nov 2025

Vimovi Global Tech Pvt. Ltd.

- Contributed to Pyngyn, a flagship SaaS platform serving clients across industries — integrated 3 REST API modules in the first 6 weeks.
- Gained hands-on experience with Firebase, Git version control, REST APIs, and Agile/scrum workflows in a live production environment.
- Achieved 0 critical bugs in owned modules across 2 sprint cycles through systematic testing and code reviews.

PROJECTS

DevSocial | React Native, Firebase, Zustand

Dec 2025 – Present

- DevSocial is currently in its final alpha testing phase, with active testing and optimization underway for an upcoming production release.
- Implemented Firebase Authentication, secure user sessions, and global state management using Zustand for clean architecture.
- Designed for scalability: modular folder structure with clear separation of concerns, enabling feature additions without regressions.
- Built and integrated an AI chatbot to deliver intelligent responses, improving user experience and increasing app engagement.

Expensr | React Native, Firebase, Firestore [GitHub](#)

Jun 2025 – Present

- Built a real-time expense tracking app — users track, categorise, and review spending with live Firestore sync across sessions.
- Implemented monthly summary dashboard and total balance calculator; achieved <200ms UI response time on all tracked operations.

Personal Portfolio | React.js, Framer Motion, CSS [Link](#)

Apr 2025

- Responsive portfolio with Framer Motion animations, deployed on Vercel — achieved 95+ Lighthouse performance score.

EDUCATION

Master of Computer Applications (MCA)

Jun 2024 – May 2026

SRM University, Modinagar

Bachelor of Science in Computer Science

Jun 2021 – May 2024

SRM University, Modinagar

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML, CSS

Frameworks: React Native, React.js, Node.js

Backend & Tools: Firebase (Auth, Firestore), APIs, Google Cloud

State Management: Zustand, React Context API

UI & Animation: Framer Motion, React Native Chart Kit

DevOps & Platforms: Git, GitHub, VS Code, Play Console, CI/CD

ACHIEVEMENTS & CERTIFICATIONS

- College IT Hackathon 2025 — built a Taxi Price Prediction web app using HTML, CSS, and JavaScript under a 24-hour deadline.
- Promoted from intern to full-time at Vimovi Global Tech within 3 months — only developer on the team to receive early promotion in 2025.
